Page 1. Virtual Working Survey

4. What is the biggest headache for you in working virtually?

- 1 Missing the fun of travel**
- 2 technical problems**
- 3 less acceptance in my field, health care**
- 4 dealing with clients in countries with inferior connections which makes working sometimes impossible**
- 5 I can't work more than 2 hours**
- 6 The community with which i work is small - limited to those who can get online**
- 7 bringing up to speed individuals with little cultural experience in the online world**
- 8 100% online time - longer hours.**
- 9 We still have to improve our skills in communicating with online technologies and we need to address the organizational barriers, often masked by technolog, need attention**
- 10 Variable quality of technology - only an issue when working with new people, or where the technology is required for business outcomes.**
- 11 sound - as right now**
- 12 technical problems**
- 13 The thechnique doesnt work**
- 14 technic (connection problems)**
- 15 -**
